Golden Triangle Logistic City GTLC is a Joint venture between Jordanian Investors , founded in Jordan in 2013 and managed by Mr. Mohammed Shwaikini. It was founded in response to handle aspects of design & construction in the new logistic city project, and later to run and manage all facilities within the project. In cooperation with ADC, ASEZA and other public and private sector, the new logistic City will be the new hub for the new Aqaba port . Golden Triangle Logistic City GTLC was founded in response to support the new Aqaba Port and out of necessity. Aqaba Development Company (ADC) has decided to create a new concept for the Aqaba port, which will serve the Logistic Services in Aqaba city, country and the region in best manner.
