

## Customized storage solutions to meet all your warehousing needs

Agility's industry-leading facility in Jordan offers extensive capacity and a range of storage solutions to meet all your warehousing and open yard storage needs. We are strategically located within close proximity to the Aqaba Container Port, acting as a distribution hub for Jordan and the neighbouring regions. Our approach is to provide end-to-end solutions by offering frozen, chilled, temperature controlled and open yard storage options, supported by experienced team and high quality services.

## Logistics to connect your world
